Hi Nate,

Thank you Nate! Yes, in anticipation of the dedications, we are including the strip lots into the design. We will not be able to request for authorization to construct until all dedications are done and recorded. I am thinking CD 11 would introduce a motion to pay for the dedications, and that the funds would need to be made / transferred / assigned to certain specific Bureau of Engineering salary accounts. Anthony Munoz would be the point of contact for the amount and the salary account .

Relaxing and Happy Holidays to you as well.

Regards,

Hi Vahik,
Hope you are getting ready for a nice, relaxing holiday season...maybe you're already there!

I just wanted to let you know that we are moving forward w the strip lot dedications...CD-11 will likely pay for the dedications out of street furniture funds. It seems too difficult a task to have the whole city council approve funding.

So, I wanted to make sure you knew as the designs are being drawn up that you can include the strip lots bc we are going to pay for them.

Happy Holidays!
Nate
